Management's Responsibility

To the Council of Attawapiskat First Nation

The accompanying consolidated financial statements of Attawapiskat First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Attawapiskat First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by the Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

Independent Auditors' Report

To the Members of Attawapiskat First Nation:

We have audited the accompanying consolidated financial statements of Attawapiskat First Nation, which comprise the consolidated statement of financial position as at March 31, 2018, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Canadian public sector accounting standards require budget figures be reported in the consolidated statement of operations and accumulated surplus and change in net debt. No budget figures were available.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Attawapiskat First Nation as at March 31, 2018 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Emphasis of Matter

We draw your attention to note 23 which describes prior period adjustments relating to government business enterprises arising from information which was previously unavailable.

Attawapiskat First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

1. Operations

Attawapiskat First Nation (the "Nation") is located in the province of Ontario, and provides various services to its members. Attawapiskat First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The reporting entity includes the Attawapiskat First Nation government and all related entities controlled by the Nation.

Principles of Consolidation

All controlled entities are fully consolidated on a line-by-line basis except for commercial enterprises which meet the definition of government business enterprises which are included in the consolidated financial statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Organizations consolidated in Attawapiskat First Nation's financial statements are as follows:

- Attawapiskat First Nation Band
- Attawapiskat First Nation Education Authority
- Attawapiskat First Nation Maytawaywin Authority (Arena Gymnasium facility)
- Attawapiskat Development Corporation
- Attawapiskat Health Services Board

The Nation manages the operation of community health services previously operated by Attawapiskat Health Services Board. As such, Attawapiskat Health Services Board reported no revenues or expenditures during the year. Organizations accounted for on a modified equity basis are as follows:

- Attawapiskat Power Corporation
- Attawapiskat Enterprises, which is comprised of the following entities:
 - Attawapiskat Resources Inc.
 - Attawapiskat Limited Partnership
 - Attawapiskat Catering Limited Partnership
 - Attawapiskat Catering Inc.
 - Advanced Security Limited Partnership
 - Attawapiskat Security Inc.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

Portfolio investments

Portfolio investments traded in an active market are recorded at their market value with any changes in market value reported as remeasurement gains and losses until realized. Other portfolio investments are recorded at cost.

Inventory

Inventories of supplies, comprised of fuel stock, building materials, coarse aggregate stockpiles for resale and use in operations, and parts inventory for own use, are recorded at the lower of cost and net realizable value, with cost being determined on a first-in, first-out basis. All inventory is reported as non-financial assets as the proportion held for resale is indeterminable and represents a minor portion of the reported amount. Management expects the inventory to be utilized in the 2019 fiscal year.

2. **Significant accounting policies** (Continued from previous page)

Tangible capital assets

Tangible capital assets are initially recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<i>Method</i>	<i>Rate</i>
Land improvements	straight-line	15 years
Buildings	declining balance	10% & 20-40 years
Vehicles	straight-line	5-20 years
Equipment	declining balance	4-100% & 5-20 years
Roads	straight-line	80 years
Sewer and Water	straight-line	50 years

Net debt

The Nation's consolidated financial statements are presented so as to highlight net financial assets (net debt) as the measurement of financial position. The net financial assets (net debt) of the Nation is determined by its financial assets less its liabilities. Net financial assets (net debt) combined with non-financial assets comprise a second indicator of financial position, accumulated surplus (deficit).

Revenue recognition

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenditures are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon, when restricted by agreement or legislation, are accounted for as deferred revenue until used for the purpose specified. Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the acquisition of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period the related expenditures are incurred, services performed or the tangible capital assets are acquired.

Government transfers are transfers from senior levels of government that are not the result of an exchange transaction and are not expected to be repaid in the future. Government transfers without eligibility criteria or stipulations are recognized as revenue when the transfer is authorized. A transfer with eligibility criteria is recognized as revenue when the transfer is authorized and all eligibility criteria have been met. A transfer with or without eligibility criteria but with stipulations is recognized as revenue in the period the transfer is authorized and all eligibility criteria have been met, except where and to the extent that the transfer gives rise to an obligation that meets the definition of a liability for the organization. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

Other revenues are recognized in the year that the events giving rise to the revenues occur and the revenues are earned. Amounts received which relate to revenues that will be earned in a subsequent year, are deferred and reported as liabilities.

Measurement uncertainty

In preparing the consolidated financial statements for the Nation, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenue and expenditures during the period. The main estimates used in preparing these consolidated financial statements include an allowance for doubtful accounts, useful lives of tangible capital assets and landfill closure and post-closure liability. Actual results could differ from these estimates.

2. Significant accounting policies (Continued from previous page)

Prior year funding adjustments

The Nation has entered into accountable contribution arrangements with several government funding agencies. These programs are subject to audit by the various governments, with potential audit adjustments repayable to the government. These adjustments are recorded in the consolidated financial statements in the year they become known.

3. Going concern

These consolidated financial statements have been prepared on the basis of a going concern which assumes the Nation will be able to realize its assets and settle its obligations in the normal course of operations. At the date of these financial statements, the Nation, pursuant to Indigenous and Northern Affairs Canada directives, was operating under a Management Action Plan.

4. Cash and bank indebtedness

Under the terms of an agreement with Canada Mortgage and Housing Corporation (CMHC), the Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by CMHC with any interest earned to be credited as revenue to the CMHC Replacement Reserve Fund. At the year-end date, the respective monies on hand were not sufficient to meet the CMHC reserve fund requirements. The deficiency amounted to \$476,026 (2017 - \$424,986).

7. Funds held in trust

Trust funds held by the federal government arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

Capital and revenue trust monies are transferred to the Nation on the authorization of the Minister of Aboriginal Affairs and Northern Development Canada, with the consent of the Nation's Members.

Ministry of Health and Long Term Care	710,925	710,925
	3,669,895	6,057,964

13. Contingent liabilities

The Nation has entered into contribution agreements with various federal and provincial government departments. Funding received under these contribution agreements is subject to repayment if the Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, the Nation becomes involved in legal actions pertaining to employment matters, contract disputes, and other matters. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expenditure recorded in the Nation's financial statements.

14. Economic dependence

The Nation received 51.3% of its revenue from Indigenous and Northern Affairs Canada, Health Canada, the Province of Ontario and other funding agencies (2017 - 51.7%). The nature and extent of this revenue is of such significance that the Nation is economically dependent on these sources of revenue. The ability of the Nation to continue program delivery to its members is dependent on this funding.

15. Distribution from Ontario First Nations Limited Partnership

Commencing with the 2012 fiscal year and in each fiscal year thereafter during the initial and renewal terms of the agreement between the Province of Ontario and Ontario First Nations Limited Partnership (OFNLP), the Province of Ontario shall pay to OFNLP 12 monthly payments equal to one-twelfth of 1.7% of the aggregate provincial gross gaming revenues. OFNLP then distributes to the Nation its share of these revenues according to a formula used for that purpose. The use of these funds, according to agreements, is restricted to community development, health, education, cultural development and economic development.

The Nation holds a unit in the Ontario First Nations Limited Partnership, and a share in a related company Ontario First Nations General Partner Inc. - the carrying values of which are nominal and are therefore not recorded in these consolidated financial statements.

16. Financial Instruments

The Nation is exposed to various risks through its financial instruments. The following analysis provides information about the Nation's risk exposure and concentration as of March 31, 2018.

Credit Risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The Nation is exposed to credit risk from members and customers. An allowance for doubtful accounts of \$2,938,687 (2017 - \$2,006,680) is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information. The Nation has a significant number of members/customers which minimizes concentration of credit risk.

Liquidity Risk

The Nation has interest bearing credit facilities on which prevailing interest rate fluctuations apply. Accordingly, there is a financial risk to the Nation's annual surplus that arises from fluctuations in prevailing interest rates and the degree of volatility of these rates. The Nation does not utilize derivative instruments to reduce its exposure to interest rate risk.

Interest rate risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Nation is exposed to this risk mainly in respect of its receipt of funds from its funders and other related sources, long-term debt, callable debt and accounts payable.

17. Budget information

Budget figures have not been presented as the information was not available from the management of certain entities.

18. Other revenue

The balance reported as "Other Revenue" on the Consolidated Statement of Operations and Accumulated Surplus consists of the following:

	2018	2017
Attawapiskat Development Corporation	291,605	984,675
DeBeers Canada	34,830	38,183
Donations	-	3,529

Nishnawbe Aski Nation	439,801	351,106
Other revenue	528,065	1,849,008
	1,617,443	3,604,521

19. Liability for contaminated site

Public Sector Accounting Standards require the disclosure of the net present value of landfill closure and post-closure care expenditures. The landfill site in operation is at full capacity and management is involved in discussions to develop a second landfill location. Accounts payable and accruals includes \$600,000 (2017- \$507,828) in respect of landfill closure and post-closure expenditures.

Closure involves capping the site with a compacted impermeable clay layer, a layer of topsoil, the re-introduction of a vegetative cover and the construction of surface drainage controls. Post-closure care involves routine inspections, cap maintenance, and ground water sampling and analysis, if applicable. The reported liability is based on estimates and assumptions using information available to management. Future events may result in significant changes to the estimated total expenditures, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, if and when applicable.

20. Accumulated surplus

Accumulated surplus consists of restricted and unrestricted amounts and equity in tangible capital assets as follows:

	2018	2017
Unrestricted Deficit	5,056,779	1,298,795
Restricted Surplus		
INAC - Trust Fund	203,595	199,363

	1,192,454	1,351,848
Equity in tangible capital assets	98,336,766	97,101,260
	104,585,999	99,751,903

21. Segmented information

Attawapiskat First Nation is a diversified local government that provides a wide range of services to its members, including water, fire protection, roadworks, technical services, recreation, social services, health services, education, social housing and economic development among others. For management reporting purposes, the Nation's operations and activities are organized and reported by fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with specific regulations, requirements or limitations.

The Nation's services are provided by departments and their activities are recorded in these funds. Certain departments that have been disclosed in the segmented information, along with the services they provide, are as follows:

ADMINISTRATION

-Manages the administrative operations of the Nation. Those costs that relate directly to the administration of the various segments have been allocated to the appropriate segment.

COMMUNITY DEVELOPMENT

-Undertakes activities of the Ontario First Nations Limited Partnership (OFNLP) Fund, which derives revenue from gaming facilities located in the Province of Ontario.

DAYCARE

-Manages the activities of the local children's daycare program.

ECONOMIC DEVELOPMENT

-Manages the development of economic opportunities for Nation entities and provides support to member entities and manages telecommunication services throughout the community.

EDUCATION

-Provides elementary and secondary education instructional services and provides financial support to post-secondary students.

GOVERNANCE

-Undertakes Nation operated governance initiatives through the activities of Chief and Council and other activities relating to reserve lands, membership matters and other governance initiatives.

HEALTH

-Provides a variety of health care programs and support to Nation members.

SOCIAL HOUSING

-Provides housing to members under CMHC programs and reports on the respective revenue and expenditures.

INFRASTRUCTURE

-Manages Nation infrastructure programs including facilities operations and maintenance, capital projects, water and waste water plant operations and other related activities.

SOCIAL ASSISTANCE

-Administers the provision of social assistance to qualifying members.

TECHNICAL SERVICES

-Provides contract management services, heavy equipment operations, bulk fuel operations, general labour services and other related activities.

21. Segmented information *(Continued from previous page)*

OTHER

-Reports on the reserve and equity portions of other funds.

For each reported segment, revenues and expenditures represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 1.

22. Comparative figures

Certain comparative figures have been reclassified to conform with the current year's presentation.

23. Prior period adjustment

Prior period comparative figures have been restated to account for changes made to the reported balance of investments in government business enterprises arising from financial information which was previously unavailable. The effect of these changes on the 2017 comparative figures were as follows:

	<i>As Previously Reported</i>	<i>Prior Period Adjustment</i>	<i>As Restated</i>
Investments in Government business enterprises	5,024,384	1,000,885	6,025,269
Income from Government business enterprises	(90,507)	1,000,885	1,091,392
